About me:

About me:

Adaptable. I manage to overcome any new problem I encounter, in any circumstance. It is easy for me to adapt in any new group of people.

Competitive. The failure is not an option.

Determined. When I want something specific, I get that something, no matter how long it takes and how hard it is.

Receptive. When I receive information I analyze them, I process them and after I understand them in a short time.

Objective. The reality and the truth are defining in terms of my mentality.

"If you get stuck in the back, you'll never get out in front."
